DID YOU KNOW?

We take great pride in making sure our employees don't go without work? We know they depend on their paychecks, so when uncontrollable circumstances arise, we dend them to local non profits to work and assist that charity.

> This helps out local charities as well as helps our employees not lose out on their pay.

We believe in supporting local and this is one way we can give back to our community.

In the world of home cleaning, managing your time wisely is crucial. A messy home isn't just about appearances – it can mess with your mood

and well-being. Spending time in a disorganized space can make you feel stressed and less focused. Leave the cleaning to us and take back your time!

CARING HEART HERO

Ajla is our Caring Heart Hero for December.

She is WELL loved by both clients and team mates. She shows care in every little detail, every day. She takes SO MUCH pride in her work. She's kind and encouraging and everyone looks up to her.

Ajla enjoys doing little extra details in clients home because it helps them to have a clear mind with a clean space.

5 SIMPLE WAYS TO STAY HYDRATED IN WINTER

- 2. WARM UP YOUR LIQUIDS
- **3. EAT WATER RICH FOODS**
- **4. CONSIDER YOUR WORKOUT WATER NEEDS**
